DUCT AND INNERDUCT

## ENDOCOR Split Plenum & Riser Duct

For Premise Wiring Applications

### Offers Flexibility and Convenience

ENDOCOR Split Plenum & Riser Duct is a corrugated duct that has been split longitudinally to allow placement over installed wiring to protect and identify critical cables. ENDOCOR Split Plenum & Riser Duct is ideal for looming wires for cable management.

Easy to use ENDOCOR Split Plenum & Riser Duct is exceptionally flexible and opens easily to slide over cables.

ENDOCOR Split Plenum & Riser Duct is offered in lengths from 250-foot coils to long reel lengths.

ENDOCOR Split Plenum & Riser Duct is available from ½" through 2" inside diameters. Orange or White color is available.

For samples, quotations or further information about ENDOCOR Split Plenum & Riser Duct and other ENDOT conduit and innerduct products please contact our New Jersey office.

ENDOCOR Split Plenum & Riser Duct is rated for use in areas where fire codes require a fire retardant material. See the Plenum and Riser Data Sheet for test results.

The use of ENDOCOR Split Plenum and Riser does not change the fire rating of the cable being covered. Areas designated Plenum requires the use of Plenum rated duct and cable. Areas designated Riser requires the use of Riser rated duct and cable.

### SPECIFICATIONS:

<u>PART NUMBER*</u>		<u>----NOMINAL**---</u>	
<u>PLENUM</u>	<u>RISER</u>	<u>I.D.</u>	<u>O.D.</u>
I PS 050	I RS 050	0.652" (17mm)	0.850" (22mm)
I PS 075	I RS 075	0.870" (22mm)	1.116" (28mm)
I PS 100	I RS 100	1.100" (28mm)	1.350" (34mm)
I PS 125	I RS 125	1.250" (32mm)	1.600" (41mm)
I PS 150	I RS 150	1.500" (38mm)	2.000" (51mm)
I PS 200	I RS 200	2.000" (51mm)	2.500" (63mm)

Standard Material – Low Density Polyethylene (LDPE)

\*\* **Dimensions are for the Unsplit Plenum & Riser Duct.** When split the duct closes inward it has a smaller ID & OD.

\***Partial part number** - Contact Customer Service for a quotation and complete part number including reel size and color(s). Split Duct does not contain a pull line.
